Dear Coach ?,

Based on the research I am doing in preparation for choosing a college, ***Insert College Name*** has both an excellent reputation and the types of academic and athletic programs I hope to pursue after graduation from high school.

The enclosed resume details my academic and soccer experience. I am currently a junior at Clover Hill High School in Midlothian, Virginia with a GPA of **?.??** on a 4.0 scale, taking college preparatory classes, including **? Advanced Placement** courses and scored **????** on the SAT. The strength and variety of courses offered at ***Insert College Name*** provide several degree plans of interest to me. Although I have not yet decided on a specific major area of study, I am considering **?**.

Your soccer program is another primary source of interest. I believe that my skills and abilities would fit well into your program and enable me to contribute to it's success, while continuing to develop my soccer talents under your style of play.

In the meantime, I will pursue all available areas of financial aid, and believe my academic standing should qualify me for scholarship assistance.

Thank you for any consideration you can give me as a future ***Insert Mascot Name***. Please send me information on your program, as well as any suggestions you have on how best to prepare to attend ***Insert College Name*** in the fall of ***Insert Graduation Year***.

Sincerely,

Your Name
