

RICHMOND KICKERS ADP

THE BRIDGE BETWEEN RECREATIONAL AND TRAVEL

KICKERS ADP (ADVANCED DEVELOPMENT PROGRAM) is a new instructional program dedicated to talented and enthusiastic youth players. The program is offered to young players (U7 and U8) to provide a quality and enjoyable soccer environment that will enhance their skills, coordination, and understanding of the game. The primary objective is to introduce all ADP players to the fundamental technical skills and decision-making needed to participate on Kickers ADSL Travel teams (U9 to U12). The program provides a transitional link between recreational and competitive soccer.

Unlike other ADP programs, the Kickers do **not** require players to tryout. Alternatively, players wishing to participate must register their child in advance for the ADP program at <http://www.youthleaguesusa.com/kickers/09-10/WelcomeADP.html>. Space is limited so register early to avoid disappointment as we expect this program to be in high demand. The West End location is a partnership where Collegiate has hired the Kickers to run this program.

Sessions are held twice a week and will consist of group instruction and small-sided games. Licensed professional soccer coaches from within the Kickers technical staff will conduct the sessions. Players are expected to attend all training sessions and games. In addition, the ADP program includes festivals whereby Kickers ADP players from all geographic locations will play in two Mini-World Cup style competitions per season.
